

Wrist Audio Player Link Soft Update

Software Overview

This software updates Wrist Audio Player Link Soft Version 1.10, which comes bundled with the CASIO Wrist Audio Player, to Wrist Audio Player Link Soft Version 1.11.

o Wrist Audio Player Link Soft makes it possible to download music files from your computer to the CASIO Wrist Audio Player.

Updated Features

Feature	Version 1.10 (old)	Version 1.11 (new)
Music Format	Mpeg 1 Auto Layer 3	Mpeg 2 Audio Layer 3
		Mpeg 2.5 Audio Layer 3

o Some commercially available MP3 conversion applications convert files with bit rates of 80 Kbps or less to Mpeg 2 Audio Layer 3 or Mpeg 2.5 Audio Layer 3. Updating to Version 1.11 makes it possible to support playback of such files.

o Bit rates supported by Version 1.11: 32 Kbps to 128 Kbps

Important!

o This software is for updating only. It cannot be run on its own.

Updating Wrist Audio Player Link Soft to Version 1.11

Make sure your computer already has Wrist Audio Player Link Soft Version 1.10 installed. You can install Version 1.10 from the CD-ROM that comes bundled with the CASIO Wrist Audio Player.

1. If Version 1.10 is currently running on your computer, quit it.
2. Double-click the update file you downloaded (File Name: wap111e.exe).
3. On the dialog box that appears, specify the location where Version 1.10 is installed on your computer.
 - o The default location Version 1.10 is the following:
[C:/Program Files/CASIO/Wrist Audio Player]
Leave this as it is if Version 1.10 is installed in this location on your computer.
 - o If you have Version 1.10 installed in a different folder, specify the full path to the folder name.

4. Click [OK] to start updating.

Checking the Update Status

1. After completing the update procedure described above, start Wrist Audio Player Link Soft.
2. Click the “Wrist Audio Player” title at the top of the window.

3. Check the version dialog box that appears. The update was successful if the dialog box shows the following information.
Wrist Audio Player Version 1.11
mmclib.dll Version 1.11
